Wayne-

We do not have a schedule yet except that we are trying for end June award. At this point I would think Dec. 2020 would be the latest date for the well installation to be complete.

I am sorry this action is taking so long. We have changed our contracting approach multiple times to date.

Thank you.

Cathy

Can you please confirm the timeframe for ST012 perimeter well installation. The 4-15-2020 USAF Quarterly call notes indicated maybe 6 months after June 2020. Resulting in an install date about Dec. 2020 or Jan. 2021.
